MEMORANDUM

5B

TO: THE BOSTON REDEVELOPMENT AUTHORITY
FROM: ROBERT T. KENNEY, DIRECTOR
SUBJECT: TENTATIVE DESIGNATION OF DEVELOPER
PARCEL E-2, 61-62 CHATHAM STREET
WATERFRONT PROJECT, MASS. R-77

On January 7, 1973, the Authority advertised for developer interest in the rehabilitation of two abutting five-story buildings at 61-62 Chatham Street shown on the attached map. In response to the offering, submissions were made by seven interested groups.

Proposals for the rehabilitation were judged in accordance with the following criteria: (1) financial strength, (2) experience, (3) design concept, (4) proposed uses.

Review by staff indicated that the proposal by WGS Associates was considered to have the greatest overall strength under all four criteria:

Members of the development team are: David E. Walsh, President of Wales Corporation, Boston, and Gerald F. Gillis, President of First Properties, Inc., Boston. The architect for the group is Samuel Glaser and Partners of Boston. The contractor, Stonehill Contracting Company, has recently completed an outstanding restoration of the Gardner Building on Long Wharf, which now houses the Chart House Restaurant. The proposal provides for first-floor retail uses with general office uses on the upper floors. Total floor area in the building upon completion will be approximately 13,000 square feet. The estimated cost of development is \$425,000. The proposal includes a commitment from New England Merchants National Bank to finance the project.

On the basis of the above, it is recommended that WGS Associates be tentatively designated developer of Parcel E-2, 61-62 Chatham Street subject to the conditions specified in the following resolution.
